DETAILED ACTION

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michele L. Connell on 12/13/04.

The application has been amended as follows:

In the claims:

- a. In claim 1, line 9, "multiplying every combining coefficient" has been changed to --- multiplying every combining coefficient by a number ---.
- b. In claim 5, line 6, "where 1 is" has been changed to --- where 1 ---.
- c. In claim 6, line 9, "multiplying every combining coefficient" has been changed to --- multiplying every combining coefficient by a number ---.
- d. In claim 6, line 14, "generating a clock" has been changed to --- generating the clock ---.
- e. In claim 11, line 17, "generating a clock" has been changed to --- generating the clock ---.

- f. In claim 13, line 8, "multiplying every combining coefficient" has been changed to --- multiplying every combining coefficient by a number ---.

In the Drawings:

The following changes to the drawings have been approved by the examiner and agreed upon by applicant: Figure 8 has been labeled "Prior Art" (see attached sheet). In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

Statement of Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

Claims 1-13 are allowable over the prior art of record because the prior art of record does not teach or suggest "a judging means for judging whether every combining coefficient is below a predetermined threshold and a multiplying means for uniformly multiplying every combining coefficient by a number when the judging means judges that every combining coefficient below the predetermined threshold" as recited in each independent claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
